5+ leading companies in the field of Pharmaceutical Manufacturing and Technology, Innovation, Automation, Robotics and Sterile Processing.

5+

50+
countries

Global footprint – delivering to 50+ countries across the world.

WHO WE ARE

Established in 1990 by Mr. Kairus Dadachanji who had then founded Kaisha Manufacturers as a high-quality manufacturer of pharmaceutical containers made of neutral glass tubing, the Dadachanji Group of Companies is a diversified group with varied business interests. This includes Pharmaceuticals and Biotechnology, Primary and Secondary Packaging, Medical Devices, Machine Building, Automation, Robotics and Sterile Processing.

WHAT WE DO

For over 30 years, the Dadachanji Group of Companies has been a premium manufacturer of pharmaceutical products. With innovative, tech-driven solutions at the helm of its approach, each product, from a billion injection doses to customized medical machines, values quality in development and quantity in production.

LEADERSHIP AT

DADACHANJI GROUP OF COMPANIES

The Dadachanji Group has always strived for excellence. We started this group as a premium manufacturer of pharmaceutical containers but have since expanded to become highly diversified. Today we provide over 1.8 billion products worldwide annually. We will continue to demonstrate our commitment to the pharma industry by continually improving and upgrading our portfolio.

KAIRUS DADACHANJI

Chairman

Kairus Dadachanji founded Kaisha Manufacturers in 1990, the first company under the Dadachanji Group of Companies that later came to be known as Schott Kaisha (now divested). They were a premium manufacturer of pharmaceutical containers made of tubular glass.

LEADERSHIP AT

DADACHANJI GROUP OF COMPANIES

I believe constant innovation and development helps break barriers and push forward, not just for our companies but in any industry. That is why we invest heavily in R&D and automation services to provide specialized offerings that benefit our customers. Our philosophy is one of consistent advancement to offer creative solutions.

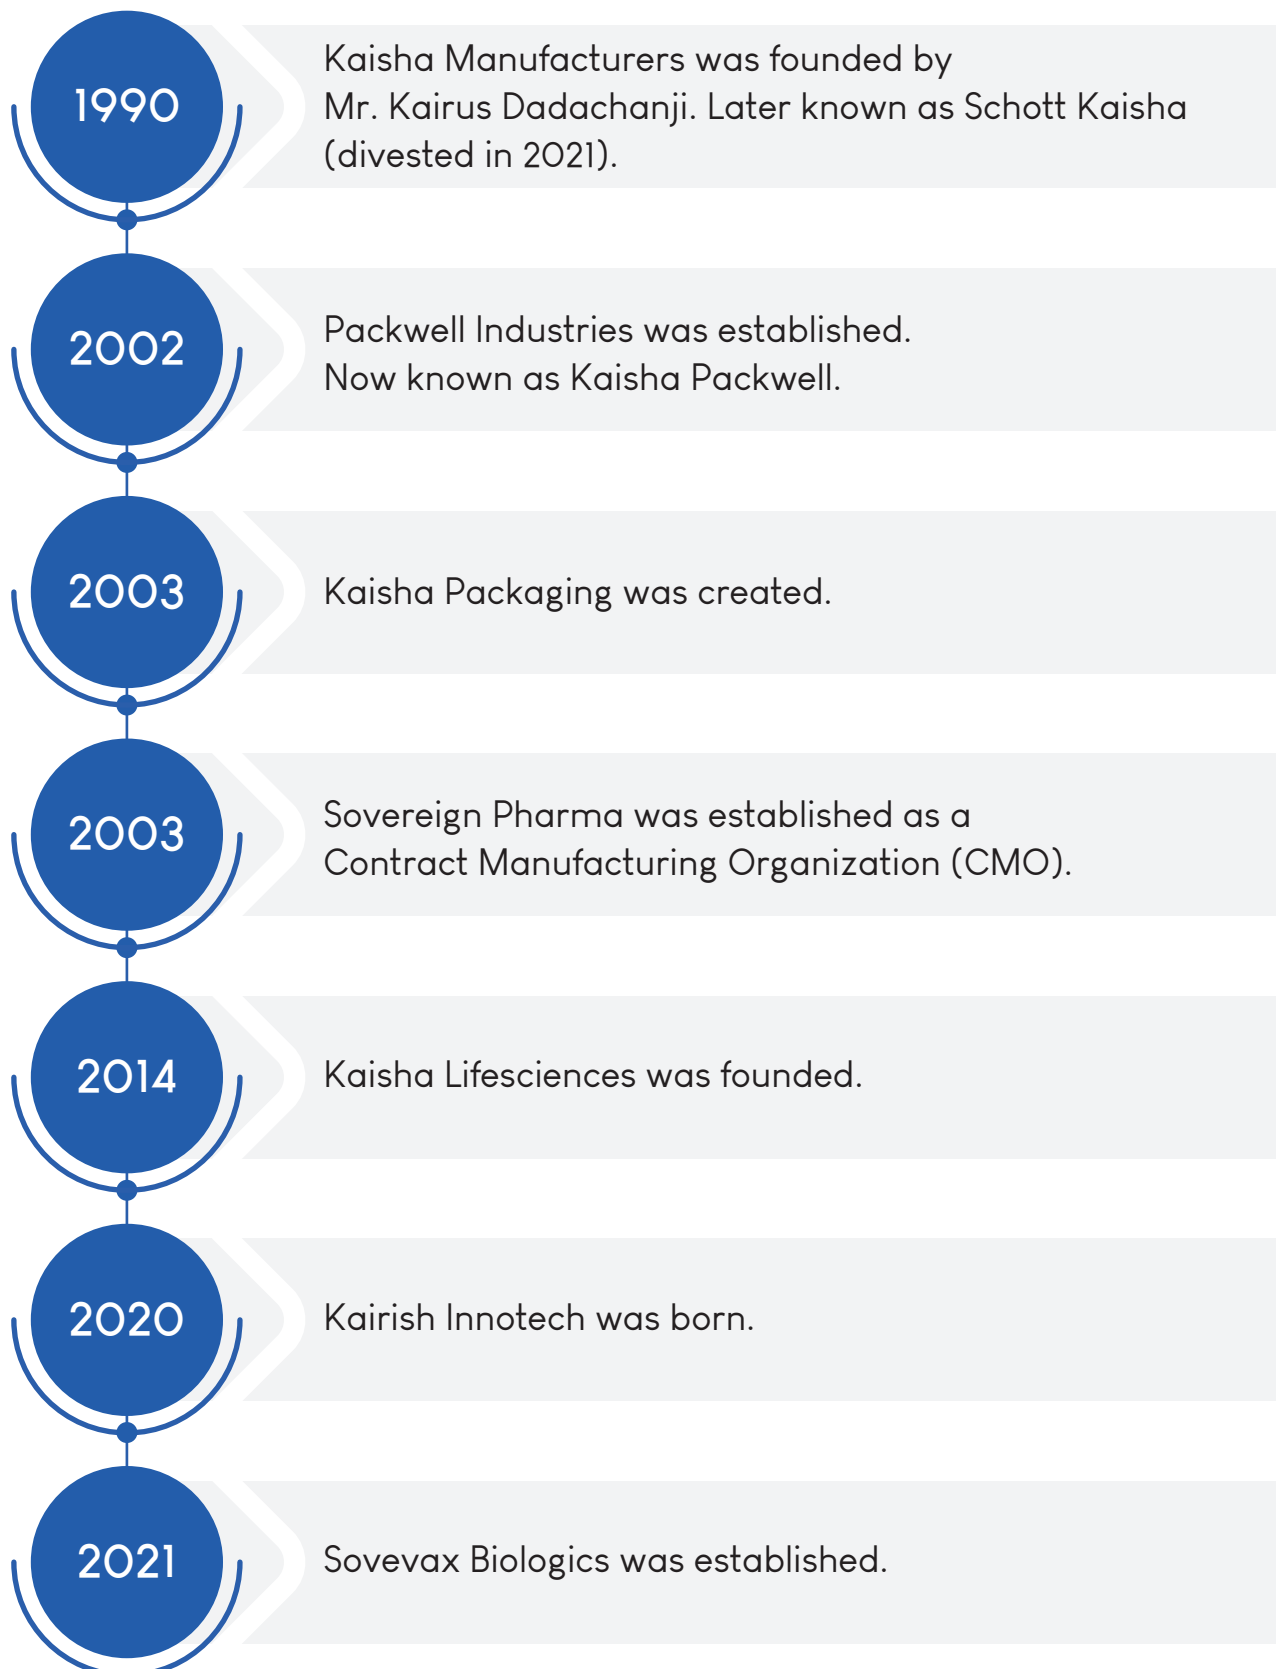

RISHAD DADACHANJI

Managing Director

Rishad Dadachanji joined the Dadachanji Group in 2013 and is the Managing Director of Kaisha Lifesciences, Kairish Innotech and Kaisha Packaging. Helmed by him, the Dadachanji Group is expanding its global footprint with several new ventures and products added to their portfolio.

THE JOURNEY SO FAR
